WEBSITE: [WWW.WILLARCHS.COM](http://WWW.WILLARCHS.COM)

*"The most rewarding aspect of our architecture practice must certainly be when there is an existing acknowledged historic building involved to be restored and reused. It could be part of the fabric of the program to be augmented with new construction and adapted to a new use. Maybe it is the entire focus of the project and it is to be brought back to a specific time and use during a long existence."*

---

**LEELAND'S, INC. ROOFING**
